1. Trading Desk Execution Queue

Order	Asset	Proposed size	Desk status	Expected settlement	Expected discount
#1042	Cash/T-bills	\$22m	Available	T+0	0-0.2%
#1043	IG bonds	\$15m	Executable	T+1	0.5-2.0%
#1044	Broad equity	\$10m	Executable but volatile	T+1	2.0-6.0%
#1045	Clean senior structured	\$8m	Seeking bids	T+3/T+5	5.0-10.0%
#1046	Complex structured	\$12m	No block bid yet	Negotiated	12.0-25.0%

Note: Order queue reflects proposed sales, desk status, expected settlement, and estimated execution discount at the time of inquiry.

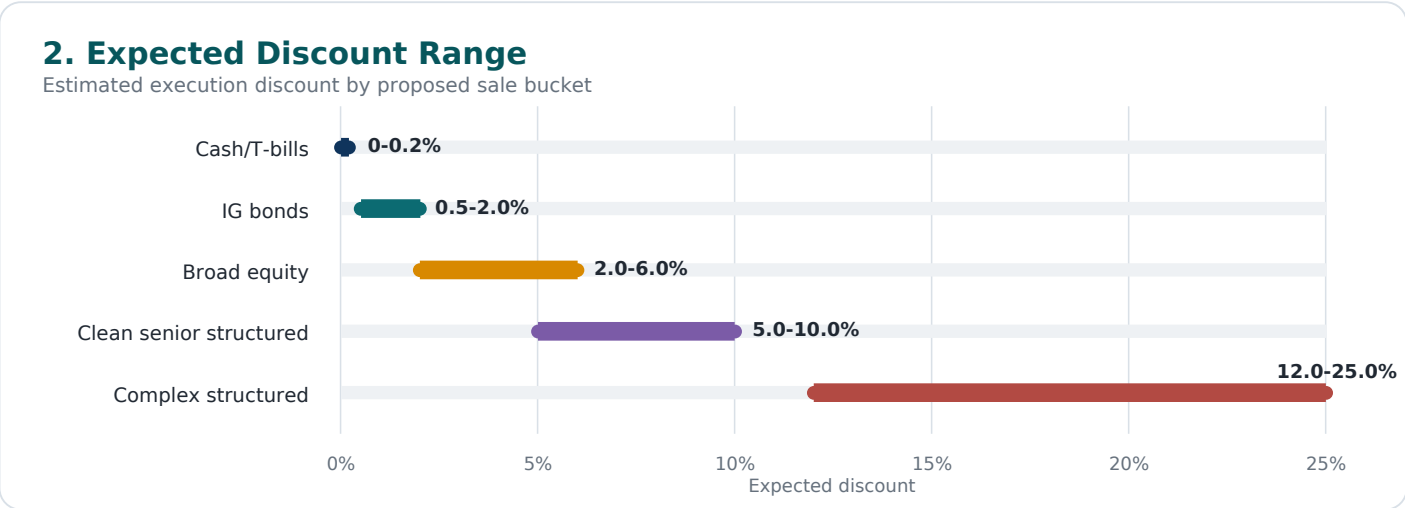

Desk Comment

Execution is available in liquid assets; structured credit execution requires smaller sizes and counterparty-specific negotiation.

Operating Constraint

Cash, IG bonds and broad equity can move faster; clean senior structured positions require a bid process, and complex structured blocks remain negotiated.
